CHAUTAUQUA TENT SHELTERS CROWD IN TERRIFIC RAIN STORM

Opening Day's Program of Maysville Chautauqua Is Considered Good—Large Crowds Despite the Rainy Weather.

Maysville's 1920 chautauqua started off well Tuesday despite the threatening weather at the afternoon hour and the terrific rain storm at the night session. If the first day's program is a fair sample of the entire week's offerings, Maysville people are assured of a really good program.

The Swiss singers gave a very delightful program at afternoon session and at night their prelude was exceptionally good. They are above the ordinary and seemed to please the audience well. Rev. Father Watt, of London, gave a really great after-the-war lecture at night and had it not been for the several interruptions because of the rain, his lecture might have been much better. Those who heard him would be glad to hear him again when he would not be interrupted.

Today's program is music by a juvenile trio from Lincoln, Nebraska, a lecture in the afternoon by Dr. Vaughn, former pastor in the stock yards district of Chicago, and tonight Davis, the magician, who needs no commendation in Maysville, will entertain the chautauquans.

Season tickets are still being sold by the local committee and will be sold until after the program on Saturday. Those who have not yet made their purchases should do so today. The committee is yet below its guarantee and these business men who have stood behind the chautauqua from year to year should have the support of the citizenship of Maysville and Mason county. Buy a ticket today. If you have one for yourself, buy one for a friend.

Thursday's program is a big one with Miss Mildred Clemens, Mark Twain's cousin, and her band of Hawaiian singers and players. Jerome Davis will also speak on Russia at the afternoon hour.

LEAVE FOR BATTLE CREEK.

Colonel J. Barbour Russell, wife and son, and Mr. and Mrs. Hord Armstrong left today by automobile for Battle Creek, Mich., where they will spend a couple of weeks. Barbour, Jr., does not intend to let the band get ahead of him during his absence and is taking his cornet with him.

PLANS ARE MADE FOR ODD FELLOWS CONCERT HERE

Girls' Orchestra of Odd Fellows' Home Will Give Free Concert at Beechwood Park on Friday, July 16.

At a meeting of the committee on arrangements all plans were completed last night for the free concert here on Friday evening, July 16, at Beechwood Park to be given by the Girls' Orchestra from the Kentucky Odd Fellows' Home at Lexington. There will be fourteen musicians in the orchestra and these young ladies are very accomplished musicians.

Accompanying the orchestra will be Hon. M. M. Logan, former Attorney General of Kentucky, who will make an address on the home and present the \$500,000 endowment campaign which is now being pressed throughout the state among the members of the various Odd Fellows' Lodges. Mr. Logan is one of the best speakers in the state and all should hear him.

This concert and address will be absolutely free and everyone whether Odd Fellow or not is cordially invited to attend. The members of the Odd Fellow lodges of Mason and adjoining counties are especially invited to be in attendance.

Remember the date—Friday, July 16.

LITTLE HENRY WYATT DIES IN FLEMING.

Henry Wyatt, aged 6, son of Mrs. J. D. Wyatt, died at the home of his grandparents, Bruce Rawlings and wife, near Flemingsburg, Tuesday and was buried at Elizaville cemetery. Little Henry was quite a favorite in Maysville when his parents lived in this city and his many friends will be deeply grieved at this sad news.

WINS PROMOTION.

Friends have been notified here that Mr. Clark A. Alexander, son of Mr. and Mrs. Martin Alexander of the Orangeburg neighborhood has been promoted by Postmaster Clore as substitute clerk in the United States post office at Cincinnati. Mr. Alexander's salary now is \$1,400. His friends are all glad to know of his promotion.

PRAYER MEETING THURSDAY.

Regular mid-week prayer service will be held at the First Baptist church on Thursday evening. The service will not be prolonged in order that those who so desire may attend the chautauqua program. Remember the chautauqua music does not begin until 8 o'clock. Pastor Davis will be in charge of the service.

ROOSEVELT NAMED FOR SECOND PLACE BY THE DEMOCRATS

Assistant Secretary of the Navy Wins Nomination for Vice Presidency at the Democratic Convention.

San Francisco, Calif., July 7.—Franklin D. Roosevelt, of New York, assistant Secretary of the Navy, was nominated for the Vice Presidency by acclamation Tuesday afternoon by the Democratic National Convention.

He was presented as the first choice of Governor James M. Cox, of Ohio, the presidential nominee, to whose wishes the delegates and leaders generally were pleased to yield.

Roosevelt was known little to the delegations from the Central and Western states. The magic of the Roosevelt name over Republican conventions of recent years, it is believed, was a factor in bringing about the decision to place a Roosevelt on the Democratic ticket.

The vice presidential nominee is a cousin of the late Colonel Theodore Roosevelt.

The word spread among the delegates through the grapevine channels brought into play at every National convention that Governor Cox would be pleased to have Roosevelt nominated.

The convention was suffering from a hang-over from the termination of the fierce battle for the presidential nomination early this morning, and the contending forces had not had time nor opportunity to shake hands and meet on common ground. There was an apparent disposition to await word from Governor Cox as to whom he desired to be his running mate.

While Governor S. V. Stewart, of Montana; former Governor James H. Hawley, of Idaho; Edward L. Doheny, of California; Thomas Vaughn, of Oregon, and others little known before their own commonwealths, were being presented to the convention, "back stage" important conferences were under way.

Edmond H. Moore, of Youngstown, Ohio, manager for Governor Cox, was there with other influential leaders who were eager to talk with him regarding his views.

It was stated that Moore had talked by long-distance telephone with Governor Cox and that the latter expressed a preference for Roosevelt.

It was said that Governor Cox, Moore and the latter's lieutenants were convinced that Roosevelt, who belongs to the anti-Tammany element in New York, would be the strongest Vice Presidential candidate available.

SEASON TICKET SALE CONTINUED

During a conference today between Secretary George Kirk, and Mr. J. A. Higdon, Superintendent of the Coit-Alber Chautauqua, arrangements were made for the sale of season tickets until Saturday night. Since Sunday and Monday are two big days, and the price of the single admissions for these two days alone is \$2.75, it will be seen that one can purchase a season ticket at that late date and not lose any money. By purchasing a season ticket Saturday morning one is able to save \$1.10 over the cost of single admissions.

Mr. Higdon made this concession in order to assist the guarantors of the chautauqua in disposing of the 700 tickets, of which about 200 remain unsold.

PERSONAL APPEAL.

To my Friends:

At this time it looks as though the sale of season tickets for this year's chautauqua would fall far short of the amount necessary to meet the guarantee given the chautauqua company. Many who were expected to purchase tickets have not done so, and I would deem it a special favor if my friends, as many as can possibly do so, would buy at least one season ticket. By doing this it will not be necessary for the guarantors to make up a deficit. This year's program is a good one and all who attend will be well entertained.

A. L. MERZ, Chairman,
Chautauqua Committee.

WILL ATTEND NATIONAL MEETING OF EAGLES.

BOY'S HEALTH SAVES HIM TRIP TO REFORM SCHOOL

John Fryman, Confesses Theft of Bicycle But Judge Purnell Gives Him Another Chance to Make Good.

John Fryman, fifteen-year-old lad, who was granted his freedom from the Mason county jail last week on a writ of habeas corpus, was before Juvenile Judge H. P. Purnell this morning on a charge of stealing a bicycle from League baseball park several weeks ago.

The lad is in very bad health, physicians saying that he is suffering from a bad case of tuberculosis. Judge Purnell informed the lad that he should commit him to the state school of reform but because of his bad health and because of the promise of relatives to take him to the farm and there give him another chance, the Judge released him in the care of his grandmother.

This boy has given the officials considerable trouble and there are many other complaints against him so that Judge Purnell told the lad that he did not expect to be bothered with him again and warned him to make a desperate attempt to straighten up and fight the plague which seems to have such a grip upon him.

TRIAL OF ALLEGED FORGER IS CONTINUED.

Attorney Frank P. O'Donnell appeared in city court this afternoon in defense of Floyd Herman, arrested on two charges of forgery. The attorney for the defense moved a continuance of the examination until Wednesday, July 14, which was granted.

WILL MOVE TO COLORADO.

Mr. Parker Grimes, well known local barber, and family will leave on next Wednesday for Boulder, Colorado, to make that city their future home. Their many local friends are very sorry to see them leave but wish them much success and happiness in their new home.

BROTHER OF LOCAL MAN IS AUTO VICTIM.

Word has been received here that Mr. Michael Heffren, brother of Mr. John Heffren, of January street, was instantly killed at Hamden, Ind., on last Thursday when struck by an automobile.

A SHARP CONTRACT.

President Wilson sought to gain political advantage for his party by urging the governor of California to mitigate the sentence of Mooney, the convicted murderer. He again invaded the sacred rights of a state when he endeavored to prevail upon the governor of Utah to commute the sentence of the anarchist Hilstrom who had been condemned to death for murder. Now the President seeks to curtail political favor with the women by asking the governor of Tennessee to call a special session of the legislature to ratify the suffrage amendment, and thus furnish the single state necessary to give women the vote. In addressing the Tennessee governor he put party exigency first as the reason for his request, and makes no pretense that his primary desire is that women should have the vote.

"It would be a real service to the party," wrote the President, "and to the nation if it is possible for you to call a special session of the legislature of Tennessee to consider the suffrage amendment. Allow me to urge this very earnestly."

In refreshing contrast to the President's bold attempt to coerce a state in utter disregard of the rights reserved to it by the Federal Constitution is Senator Harding's refusal to do that very thing. Without any sordid reference to the partisan advantage the Republican cause would gain should he slight his plain duty, Mr. Harding declares that "nothing would please me more than to have ratification made effective to give American womanhood full participation in the elections of next November." But after emphasizing his personal desires in the matter, Senator Harding reminds the people that he cannot trespass on the rights of states. "I could not with

propriety," he says, "attempt to force any state executive to hasten action in violation of his own sense of duty."

ON THE FARM
IN KENTUCKY.

Nelson Farmers Will Test Cows.

Farmers of Nelson county have organized a cow testing association, with twenty members, who own 365 cows. E. M. Prewitt, of the Agricultural Experiment Station, and County Agent C. L. Hill, of Nelson county, assisted in the work of forming the organization. This makes the fifth such association in the state, the purpose of the cow testing association is to test grade cows for the per centage of butter fat in their milk and thus to determine which are best fitted for milking purposes.

The Department of Dairy Extension has also established three Register of Merit Associations, where official registration can be had for cattle that fulfill the requirements of the organization. These two movements, both of them recent, mark a long step forward in the increase of both the quality and quantity of the dairy products of the state, inasmuch as they offer some means by which the best milks can be determined and the unproductive ones disposed of.

Mr. Prewitt, who has charge of the dairy work of the station, said that Kentucky is the leading state of the South in dairy products, and bids fair to become one of the leading dairy states of the country.

When the son of a Des Moines judge was brought before his father for speeding the latter promptly fined him \$25 and costs.

PROF. W. T. BERRY
PRAISES EASTERN
STATE NORMAL

City's Oldest School Teacher is Taking
Training At State Normal School
and is Loud in Praise of
Faculty and Management.

W. T. Berry, who is attending the Eastern Kentucky State Normal School at Richmond, Ky., spent the week-end at home with his family celebrating the "Glorious Fourth" and enjoying the very splendid program rendered at Beechwood Park Sunday afternoon by "Our Maysville Boys' Band."

Mr. Berry is very enthusiastic in his praise of the school, in the work it is doing, the admirable manner in which its affairs are being administered, and in the wonderful service, which through the multitude of its noble young men and women it is giving to the world in this time of its stupendous need.

The number enrolled for the present summer term is about 100 men and 500 women. This is the highest number ever enrolled in the history of the school, except for the year 1916-1917, and is 27 per cent. more than the enrollment of the summer of 1919. However this enrollment would have been much greater than it now is if those in charge could have had adequate facilities for housing and feeding. Plans are now of foot to remedy these conditions, \$150,000 has been appropriated, to add to both the men's and women's dormitories. The improvements contemplated will provide room for about 100 more women and about 60 more men. The plans for these buildings are now in the hands of the building committee, and it is their purpose to begin their erection at an early date and to push their completion to as early a time as possible so that they may be ready for occupancy by the beginning of the year 1921. While every county in eastern part of Kentucky is represented in the student body, the county having the largest is Madison 161. Mason county has 22 enrolled in this summer term with a total enrollment of 31 for the year. Maysville city schools have seven representatives all of whom he reports to be hale, hearty, healthy and happy and strictly "on the job." Mr. Berry is asking help to solve the problem of how it is possible in the face of old H. C. L. to furnish enough good, clean, wholesome well-prepared food for a meal at 12 cents per meal. Mr. Berry is proud of the distinction of having more years to his credit than any other person enrolled this term, 64 years, and 43 years experience as teacher in the county in which he was born and reared. He has had in his school grandchildren of former pupils. He sure is a booster for E. K. S. N., its president and faculty, but as he threatens to bring away so much this term, it might be well for those in authority to see that he brings nothing back for which he has not paid.

It is not the fashion in Russian to supply bed-clothing, even in the best hotels. The traveler is expected to bring his sheets and his blankets with him if he requires them, and the custom is also observed in private houses. On the northern coast of Scotland it is a favorite theory with the fishing and seafaring people that in a storm three waves are strong and violent, while the fourth is comparatively weak and less dangerous.

Catarrhal Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surface. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system.

FAIR AND WARMER

"IN THE DAY'S NEWS."

Vice Admiral Charles Kingsmill, who celebrates his 65th birthday today, has a long and distinguished record as a naval officer, first in the imperial navy of Great Britain and later as director of the Royal Canadian Navy. Admiral Kingsmill was born at Guelph, Ont., and at the early age of 13 began his career as a midshipman on H. M. S. Royal Alfred, then stationed at Quebec. In the years that followed he rose through the various grades of the service until, in 1904, he was given his first important command, that of the battleship Resolution. After this he took the war course at Greenwich, at the completion of which he was appointed to the command of the battleship Majestic. In 1906, when the Canadian Government

decided to establish the nucleus of a national navy, the honor of directing its organization was given to Admiral Kingsmill in recognition of his past record and the fact that he was a native of the Dominion.

For "Extensions and Additions"—\$ \$ \$

The Telephone Company is expected to grow with the town, so that this necessary service may be available to all new homes and industries.

But these "extensions and additions" to the plant take dollars (more now, too, than they ever cost before), and old Mr. H. C. L. is already taking, for operating expenses, about all the dollars the Company gets nowadays.

So the construction dollars must be borrowed, or new securities sold—and nobody wants to invest in or lend money to a Telephone Company unless the rates allowed it for its service are ample for proper operating expenses and sufficient, in addition, for the payment of interest or dividends.

The growth of the telephone plant, as well as the efficiency of the service, depends upon adequate rates!

MASTER MAGICIAN TO BE THE FEATURE THIS EVENING

Davis, Here Before, Will Be Big Feature of Tonight's Chautauqua Program.

"Sure. He had that rabbit up his sleeve all the time." Did you ever hear a group of youngsters discussing the performance of a magician which they have just attended?

"'n when he shot that pistol he didn't really shoot it. It just sounded as if he did. 'Cause if he had, it would 'a killed the bird an' it didn't, so he really didn't shoot it. Did he?"

This explanation, from one of the youngsters, draws a volley of conflicting opinions from the others.

"The bird wasn't real, anyway. If it was it would 'a been killed. Course he shot a real pistol. Didn't yer see the smoke come out the barrel?"

"Maybe he had two birds, one in the handkerchief an' the other in the bird cage," timidly ventures a little girl. "'n when he put the bird in the handkerchief, only pretended to. And when we wasn't lookin' he must've slipped it into the bird cage, else how could it've got there?"

And so it goes. Every little person has an explanation. And every one ends with a question. Grownups, too, have explanations to make about the tricks of magicians. Their explanations usually are more involved and about as correct. Only grownups don't end them with questions. Oh, no! That would be to admit they were not quite sure that they knew as much as they pretended.

And through it all the magician goes serenely on, performing tricks which continue to mystify audiences of the present day as much as those of a past generation.

One of the magicians who has artistry to conceal his methods of wizardry so successfully that young and old can do nothing but offer impossible and ridiculously inadequate explanations is Davis.

Davis was on the High School Lyceum last winter and was exceptionally good. He is the big attraction at the chautauqua tent tonight.

OBITUARY.

After twenty months illness Nina Bridges Diesem, age 51 years, wife of A. E. Diesem, died at her home, 1747 North Fourth street, Columbus, O., June 29, at 5 a. m. Born at Maysville, Ky., July 6, 1869. Oldest daughter of Samuel P. Bridges; one brother and two sisters survive. Elmer G. Bridges, of Maysville, Mrs. W. E. Mullineaux, of Toledo, and Mrs. E. S. Cloninger, of Columbus. Mrs. Diesem was twice married; to her first husband Waldo W. Hamilton, February 15, 1894, to A. E. Diesem, July 17, 1906. Interment in Union Cemetery, Columbus.

The above announcement saddens many hearts in Maysville, where Mrs. Nina Bridges Diesem was born and spent much of her life. She was a delightful company, a sincere friend and a generous, kind neighbor. Her happy nature and cheerfulness were constantly to the fore and she always found her chiefest joy in life serving others. Since leaving Maysville she has lived in Columbus, Ohio; for years she carried on successfully the millinery business, which grew each year, until she married Mr. Diesem. This union was a most happy one and she fulfilled the office of wife in a devoted, loving and faithful way. She was a true christian—a church woman—loyal and sincere. Her obligation and care for her aged father and the sisters were met with loving service and a protecting pleasure which never relaxed until death removed her father and then called her away from earthly service. She rests in the green of beautiful "Union" Cemetery, Columbus, Ohio, just now exquisitely clad in Nature's most lovely dress; typifying to us the sweetness of that faith which shall transform all into that state of purity which is our immortal heritage.

An Air-O-Weave invites breezes—it wards off the sun's piercing rays—it fits without clinging—it holds its smart shape and does not wrinkle. Air-O-Weaves are not "gunny-sack" summer clothes. Need little pressing and give lots of wear.

INFANT MURDERED.

Richmond, Ky., July 6. — While climbing a tree for apples on his farm near Big Hill, Claude Gentry's attention was attracted to a curious object in an abandoned well. Prodding a tub and pole, he drew up the body of a female infant. Coroner Muncy, of Richmond, was notified and an inquest developed that the child's body had been in the well perhaps five days. It was scantily clad, with a cloth about its face. The verdict of the coroner was that the infant came to its death at the hands of unknown persons, and that it was either strangled or drowned.

THE REPUBLICANS WILL LAUNCH EARLY CAMPAIGN

Republican Forces Plan To Launch Their Campaign Within a Very Short Time.

Chicago, July 7. — With Senator Harding's opponent in the November Presidential race chosen, Republican leaders who gathered here Tuesday from coast to coast, prepared to launch a campaign, which they declared would take the Democrats by surprise and gain a start of days, if not weeks, before Governor Cox's Democratic forces can take the field.

From a Republican standpoint, the leaders professed they were well satisfied with the Democratic choice. Captain Victor Heintz, of Cincinnati, in the home state of both Presidential nominees, predicted Senator Harding would sweep Ohio.

Chairman Will Hays arrived at noon and, following an informal luncheon, the campaign leaders began consideration of plans for the coming fight.

Harry M. Daugherty, of Columbus, Senator Harding's campaign manager, is among leaders here attending the gathering.

No initiation fee will be charged in connection with such new stock; and, on and after July 1st, 1920, the monthly charge of five cents per share, heretofore made for the purpose of defraying the expenses of the Association, will no longer be collected from any member. HARDING TO COX.

Columbus, Ohio, July 6. — In a congratulatory telegram to Governor Cox, received at the Governor's office here today from Senator Harding, the Republican nominee, Senator Harding says: "I recall a cartoon which portrayed you and me as newsboys contesting for the White House delivery. It seems to have been prophetic. As an Ohioan and a fellow publisher, I congratulate you on your notable victory."

DRINK OF MOONSHINE PROVES VERY EXPENSIVE

Fleming County Man Drinks With a Stranger and Later Finds Watch and Money Missing.

The Fleming Gazette says: "One day last week James Donaldson made affidavit before Judge Fulton saying that he had been robbed of a watch and \$86 in money. In his statement he charged that he had gone riding with a machine agent named Fred Robinson who gave him two drinks of moonshine whisky. He says after he had assimilated the 'mountain dew' he knew nothing until he came to and found his money and watch missing. He had a warrant issued for Robinson who was arrested and lodged in jail here to await examining trial today. Robinson's case was called for hearing before Judge Fulton this morning, the prisoner to answer the charge of violating the liquor laws and the other charges made. The testimony showed that Robinson had a jug of moonshine and he offered to sell it a \$5 per quart. Robinson lives at Beechburg, near where the raid was made on a still by revenue officers recently. Donaldson testified he took three drinks of the stuff and that his \$86 disappeared, which would make each drink cost him \$28.66. Rather high. Robinson denies that he had anything to do with the missing money."

"A SPLENDID TONIC"

Says Hixson Lady Who, On Doctor's Advice, Took Cardui And Is Now Well.

Hixson, Tenn.—"About 10 years ago I was..." says Mrs. J. B. Gadd, of this place. "I suffered with a pain in my left side, could not sleep at night with this pain, always in the left side..."

My doctor told me to use Cardui. I took one bottle, which helped me and after my baby came, I was stronger and better, but the pain was still there.

I at first let it go, but began to get weak and in a run-down condition, so I decided to try some more Cardui, which I did.

This last Cardui which I took made me much better, in fact, cured me. It has been a number of years, still I have no return of this trouble.

I feel it was Cardui that cured me, and I recommend it as a splendid female tonic.

Don't allow yourself to become weak and run-down from womanly troubles. Take Cardui. It should surely help you, as it has so many thousands of other women in the past 40 years. Headache, backache, sideache, nervousness, sleeplessness, tired-out feeling, are all signs of womanly trouble. Other women get relief by taking Cardui. Why not you? All druggists.
